Principal's Message to the Graduates

My heartfelt and most sincere congratulations to members of the 1989 graduating class of Weequahic High School.

The four years you have invested here are finally reaching fruition. Years of academic dedication, regular attendance along with pride and self respect have prepared you for this moment. The worlds of higher education and industry await your arrival. Challenges will confront you along the way and problems and diversions may alter your mission. However, if your parents, teachers, and principals have provided the proper experiences and directions, you will possess all the tools necessary to meet these challenges and stay the course.

In this era of modern technology, conflicting human relationships and twenty-first century demands, you must transfer the learned skills and knowledge that you obtained at Weequahic High School to areas of life skills needed to achieve your ultimate goals.

When you reflect upon your years at Weequahic High School, how will you remember us? We want to be remembered as dedicated and caring parents, teachers, and principals. Our main objective was to provide the suitable educational environment where teachers can teach and students can learn. For it is through your actions and deeds that the effectiveness of our efforts is measured.

As you embrace this graduation ceremony, I refer you to a verse from Whitney Houston's "One Moment In Time."

Give me one moment in time
When I am more than I thought I could be
When all of my dreams are a heartbeat away
And the answers are all up to me

This is your moment in time, make the most of it.
Love, happiness and success to each of you.

Your principal,

Lawrence Major

EXECUTIVE SUPERINTENDENT

Class of 1989:

On behalf of the Newark Board of Education, I commend you on the successful completion of high school. This is, without question, one of the proudest moments of your life.

Graduation day is an important time. It is a time full of memories. Perhaps you will reminisce about that first important school test, friends you are leaving behind, and the teachers, principals, and counselors who helped you succeed.

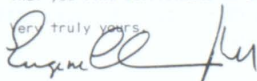

No matter how lasting these impressions, they are milestones on the road to a future filled with possibilities. Greater opportunities await you and are within your reach, if you continue to strive for success.

Whether you are preparing to pursue a college education or a vocation, you have received a foundation that will help you to expand on your knowledge and develop into men and women who will influence the world in which we live.

Many new experiences await you. As you learn new skills and acquire new friends, you will recall information and advice that was readily passed on to you during the high school years. It will become crystal clear why you were told countless times to be the very best person you can be. New situations will almost always demand more discipline and require a different outlook. No matter how great the challenge, success is obtainable if you believe your potential is endless.

The opportunities that await you are as vast as the world we live in. Life's challenges will reveal an inner strength that will help you reach your goals and achieve many levels of success.

On behalf of the Board of Education, I wish you the best and sincerely hope that you find fulfillment in all of your future endeavors.

Very truly yours,

Eugene C. Campbell
Executive Superintendent

I hope your high school years have served you well, because these years are critical in terms of the adult you will become. Each milestone in your life closes one chapter and sets the stage for another.

One of the most productive social growth lessons you should have learned is to approach each problem by taking a long, objective look in the mirror. Life is usually as good to you as you are true to your dreams.

In this olympic year, we have witnessed many instances of extraordinary determination and courage. As you go out from this place and time, remember to always strive to do your personal best. Go for the GOLD!

Each year at this time, I am asked to prepare a statement for the Legend and each year, I try to think of something new, clever, and different to say! Because after all, the Class of 1989 will be the Only One Of It's Kind!!

But even though you are different, you are similar in so many ways to the young men and women who have gone on before you. Similar in that you have passed the necessary courses, earned the required credits and have been approved to receive a New Jersey High School Diploma.

But you are different because your experiences and career choices will take you down different paths than those of your predecessors. I can only ask that you chose your path with care, sincerity and after much thought; that you not let the ills and evil of this world deter you from the path you choose. I also ask that you travel along your path representing Weequahic High School with dignity and pride and in such a manner that the path you pave makes it easier for those who come after you.

Continue to make us proud to have known you. God bless you all.

Best wishes to the Class of 1989. I hope each of you achieve success in our highly-technical and competitive society.

Over the past several years you have had the opportunity to play, work, study, practice and grow physically as well as mentally. Now that you have successfully completed the requirements for graduation set forth by the state of New Jersey, you are ready to leave Weequahic High School and begin your lives as members of the Newark Community.

Some of you will be getting new jobs. Others may be off to college. Whatever your future may be, off to college or getting new jobs, it is my sincere hope that you will look back on your years here at Weequahic with fond memories.

You should continue to persevere in order to keep abreast of technology and meet the challenges of tomorrow.

Congratulations to all graduates of June 1989. You have just completed the first step toward social and economic independence. Becoming successful in life is not an accidental occurrence. Working hard and establishing goals are essential in becoming a successful individual. Do not blame others for your failure; no one can determine your lifestyle but you.

Remember Weequahic High School as a training ground. You made mistakes, met new friends, discarded others; but most of all learned that time passes us all by. What you do with that time is of utmost importance. What will you be doing ten years from now, besides being 27 or 28 years old?

The Basic Skills Department provides classes in Reading, Writing, and Mathematics in compliance with mandates of the Federal and State Assistance Programs.

The goal of the department is to assist all of our students in passing the High School Proficiency Test. Presently, 710 students are participating in the Basic Skills Program at Weequahic High School.

Parental involvement is considered a priority in the Basic Skills Department. Meetings and workshops are planned throughout the year for the purpose of jointly exploring methods which will assist our students in achieving academic success.

Successful, satisfying careers. They are the result of big dreams, high goals, and plenty of hard work.

The Business Education Department makes an important contribution to the students in the development of economic literacy with stress on ethics and standards, in their preparation for the dramatically changing workplace by the development of marketable skills, and a continued emphasis on basic skills that allow for improved organization of work, effectiveness in communication and successful interaction with others.

Keyboarding and word processing skills are important outcomes learned in computer and typewriter courses. Students are assisted in establishing an awareness of personal interests and capabilities for the purpose of career planning assistance.

Finding the Right Career for You

What do you want to be? What career goal appeals to you? What do you want to major in?

Focus much of the energy used to worry about the answers toward actually exploring careers and learning what various occupations and college majors demand. Evaluate your attitude, aptitude, interests, and achievement before making that choice! Good Luck!

ENGLISH

To the Class Of 1989!

The English Department of Weequahic sincerely wishes each of you the best in possible choices that you make for the future. We hope that you carry with you as many of the concepts in humanities and grammatical science that we attempted to impart.

If you traveled with us during the course of your four year voyage, you discovered many worlds of different characters, characters' motives, adventures and settings which took to worlds outside of your immediate environment and yourselves. Hopefully, you landed with a new you - a person who matured and developed in part because of your greatly enhanced reading and writing skills.

However, do not stop traveling! Keep going and while you do, continue to taste, to smell, to feel the greatness of the world that awaits you. Take careful risks and experience the better values of life.

Continue to read and to learn - despite your livelihood - whether you go on to higher education or the job market. Your English teachers wanted to show you what you needed in your life skills preparation for the twenty-first century.

Art, Music and Foreign Language courses are the most historic, creative, and exciting. The force behind these courses are self-discipline, practice, and performance. Here at WHS we know talented kids are not found only on TV shows. Our talented Art students enter and win various poster contest and art exhibits which gives them great exposure. Our Mixed Choir performs at Newark's International Airport as well as City and State Festivals. The Marching Band and Jazz Ensemble had an opportunity to play at Symphony Hall, Atlantic City, The Meadowlands and performed with Nathlie Coles and Wynton Marsalis.

The Spanish Language classes enrich our students cultural knowledge and language competency. A few students will be traveling to Mexico this spring and will gain that opportunity to speak with different Spanish speaking people from all parts of the world.

MATHEMATICS

The Mathematics Department service approximately ninety-five percent of the student population here at WHS, providing basic mathematic courses and college preparatory courses.

Courses offered within this department are Basic Skills Math (HSP Math), General Mathematics, Algebra I, Geometry, Algebra II, SAT Skills, Trigonometry, Advanced Algebra, and Computer Science.

Instruction in Integrated Calculus and Physics is provided by the High School Scholars Program, which is sponsored by the New Jersey Institute of Technology.

Our department goals are to provide process oriented instruction; to remediate skill deficiencies, to challenge all students to think critically and analytically, to provide a quality education that will prepare our students for the jobmarket and for more advanced mathematical courses.

PRACTICAL ARTS

Leon Grove, Chairperson

WHS work experience program helps our students in their career development. The students are instructed to select realistic career goals. The students get paying, part-time jobs related to our school program. The program's goals are to develop desirable attitudes and to help our students see the relationship between their schooling and job success.

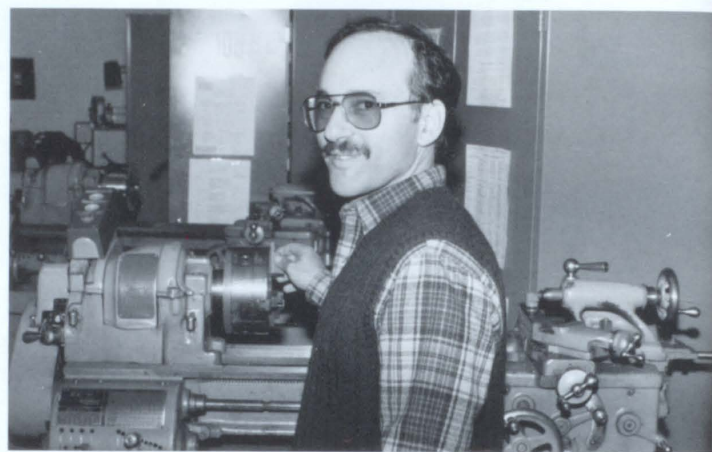

What is one way for students to gain valuable experience and skills at WHS? Being part of the Practical Arts program that is. The Practical Arts Department of Weequahic H.S. is one of the lifelines in the total operations of the school and its students. The department blends tradition with high tech learning within the Electronics Shop, Wood Shop, Graphic Shop, and Metal Shop.

We also provide up to date hands-on opportunities in the Home Economics area (Foods, Clothing, and Co-operative Studies.)

It is the goal of the Science Department to prepare students for the challenge and demand of Science courses at the college level. It is also our responsibility to provide an adequate science education for those students who do not intend to apply to college. Therefore, the Science Department offers a variety of courses to meet these divergent needs. Our curriculum includes traditional courses in the area of general science, biology, and earth science as well as more demanding courses for the college bound in chemistry, physics, and anatomy/physiology.

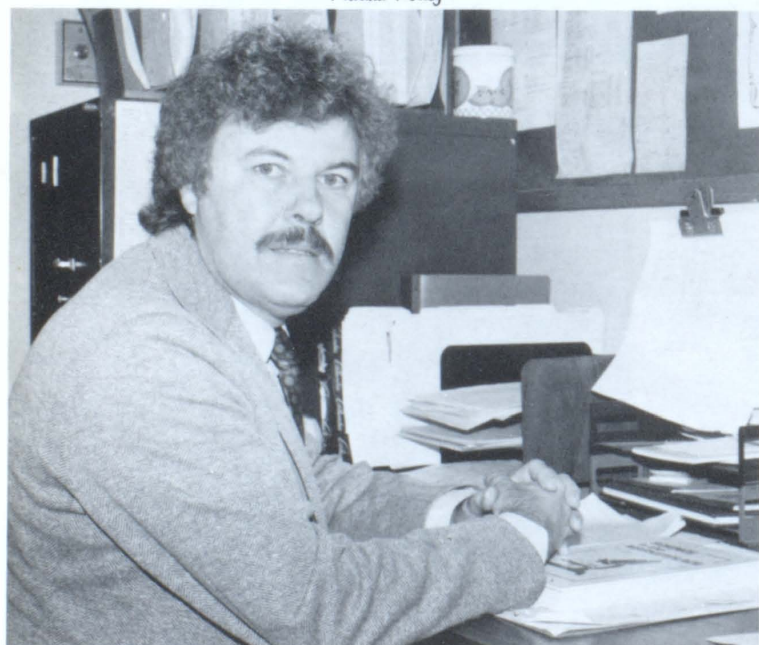

Students who are academically talented are invited to enroll in our high-level enrichment tract.

Janet Sage, Attendance Coordinator

Donald Bradley, P.T.A. President/Southward Councilman

Absenteeism and truancy are not synonymous. Truancy connotes idleness and conscious, willful absence of a sporting nature, while absenteeism is simply excessive absence for any number of reasons. Most school, for liability reasons, have established procedures for recording and reporting absences. During School Year 1988-1989, the Newark School Board of Education implemented an 18 days absent policy. This policy enables easy survey and help analyze each student's pattern of attendance. Our Attendance Coordinator, Janet Sage, her staff of Attendance Counselors, Teachers, Administrators, PTA-President, Donald Bradley, Parents, and Students are all working together to alleviate, if not eliminate the problem. This process consist of contacting the student's family and working very closely with them.

Creative Corner

The Literary Club provides an opportunity for all students to express themselves by writing poetry, short stories, and plays. It also gives students an opportunity to draw pictures and do computer artwork.

When students write their own poetry, they learn to concentrate and pay close attention to each stanza, line, and word. They learn that vital meaning and power can be packed into a single word. They learn that poetry has form and that they must set up their ideas in recognizable patterns of syllables and lines. They also learn about the language of poetry and become more aware of its visual appeal.

When students write their own short stories, they learn to describe their characters and the setting clearly. They learn to develop a plot that presents and resolves a conflict. They learn to maintain a consistent point of view and a chronological time order. They also learn to write dialogue where appropriate.

When students write their own plays, they learn about dialogue and stage directions. They also learn about staging a play which involves scenery, costumes, lighting, and props as well as the activities of the actors.

By drawing pictures and doing computer artwork, students learn to express themselves in a form other than the written word. The students learn to correlate their artistic talents with the themes developed in the written form.

By putting into practice what they have learned in the classroom, students develop a greater appreciation for literature and art. They learn to express their fears, frustrations, hopes, and dreams and are rewarded knowing that they themselves produced something of value. They can take pride in sharing their work with others, and they learn to appreciate the effort that goes into all literary works.

The primary objective of the Student Council O.B.A., is to be an active "liaison" between the student body and the administration to create and promote a social environment and learning experience; whereas the students at Weequahic High School can understand, assume, and fulfill their roles and obligation in the forever changing society in which we live.

Under the auspices of Weequahic High School Student Council, O.B.A., students will be able to know and understand their role and obligation to their school and community at large.

The students will be involved in promoting a positive social and learning environment, assuming leadership and making decisions for the enrichment of our social life and academic pursuits. "O.B.A."

CHORUS

Harmony, melody, and invention of techniques accompanies the tradition that evolves around WHS Chorus and their Advisor Mr. John Hughes. Music in our school provides these Chorus members with aesthetics for self expression. Obsessed with the desire to participate harmonically, students receive musical instructions from their advisor which enable them to set forth their basic tonality. This is achieved by a melodic style that includes frequent practice and participation in chorus activities in our school as well as outside the school.

During Open House the Chorus members perform for parents and friends. In May, they present their Annual Spring Concert. Mr. Hughes creates a vibrating experience for the music lovers in our school, which gives colour to the lovely voices partaking in this beautiful experience.

The Challengers are composed of upperclassmen who meet in their 7:45 Sociology class, and are big brothers/sisters to the Freshmen class.

Challenger Goals:

- To enhance self esteem
- To develop leadership skills and styles
- To develop more pride in self, school and community
- To improve interpersonal relationships
- To become the best possible person
- To utilize study/media skills in all learning content areas

Challengers are motivators, achievers, image builders, and success orientated.

Our Principal, Mr. Major, encourages the activity of lifting the motivation of Freshmen through visual presentation, guest speakers, and rap-sessions on teen contemporary issues.

A NEW ADDITION TO SPORTS LIFE

A Legend interview with Mr. Autrey Reynolds

What does an Athletic Director do?

Equip all teams. Organize schedules for each sport activity. Provide for officials. Secure coaches for all games and provide transportation for team travel.

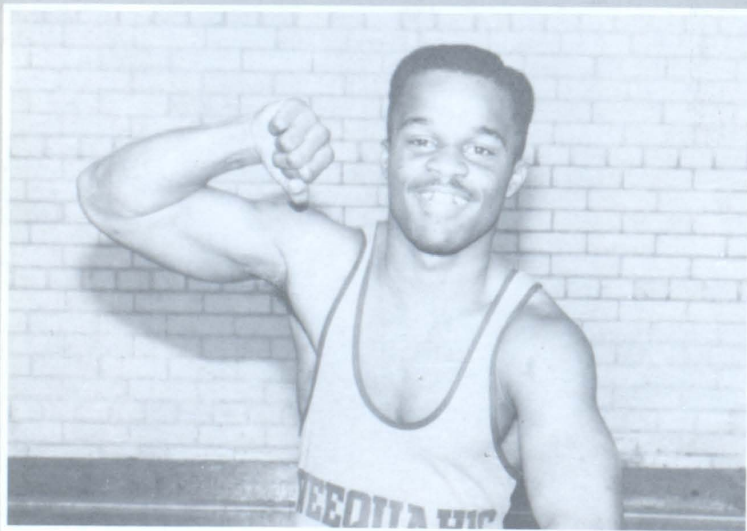

What is your own sports background?

I played basketball, baseball, and football for M.X. Shabazz H.S. When I attended Winston Salem University, I played football while maintaining a four-year scholarship. After graduation I returned to M.X. Shabazz H.S. and coached there for several years. My Basketball Team was City Champion for four years. They also played in the County Tournament and State Tournament.

How do you feel about the expansion of Sports Programs in the Newark Schools?

This is a great idea. Once again the students in the city of Newark would be given an opportunity to measure up with students from outside their school system. Our students need that athletic challenge and exposure.

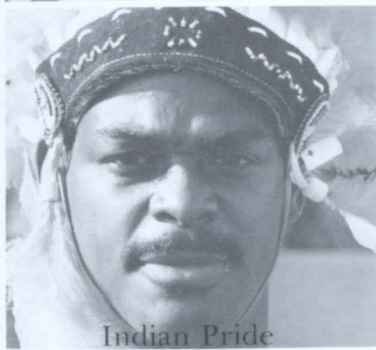

I am also looking forward to a successful experience in my new position.

KEEPING THE SCHOOL SPIRIT HIGH!

We are a tribe of Indians, bow arrow and strong, and what we put our minds to we never do wrong. So when we're marching through the woods, don't ever look back because . . . before you know it your team is attacked. So take my advice, and move out the way, here come those Tribe of Indians call . . . WEEQUAHIC!!

Lee Huff holding his Presidential Sports Award.

The members of the Weight Lifting Team meet daily from 7:30 a.m. to 8:15 a.m. Using the Universal Machine the members work at developing, rejuvenating, and toning their muscles. Sit-ups, pull-ups, dips, leg lifts, bench pressing and push-ups are a few of the methods these members use to improve their body tone. Members weight, blood pressure and pulse rate are recorded and monitored. Diet and nutrition are also a big part of our health fit program. Each member records the weight and number of sets completed on a daily basis. Upon completion of 50 hours of training, each member will be eligible for the "Presidential Sports Award."

'89 Baseball Indians In First Place!

Did you see Roland's 85 mph fast ball?

The Baseball Indians had a great season in 1989. We won the City Championship on the Last day of the Season. We also won two big games in the State Tournament and came very close to winning the State Title. Coach - Bill Hicks improved his five season record to 77 wins and 35 defeats.

The '89 Indians will count on Marquis Porter, our All City Pitcher with two No-Hitters to provide that needed pitching strength for the Winning Indians!

Keith Williams, Jim Montgomery, Jim O'Neal, Roland Tucker, and a return of Charles Pomplin will also aid to our offense. Spencer Daniel will round out the starters from last year.

We look for Keith Lewis, Demetrius McQueen, Tim Smith and Ron Wilson to help improve our 19-7 win and loss record. Our players will be working very hard to keep Weequahic on top.

Say Cheese, Donald

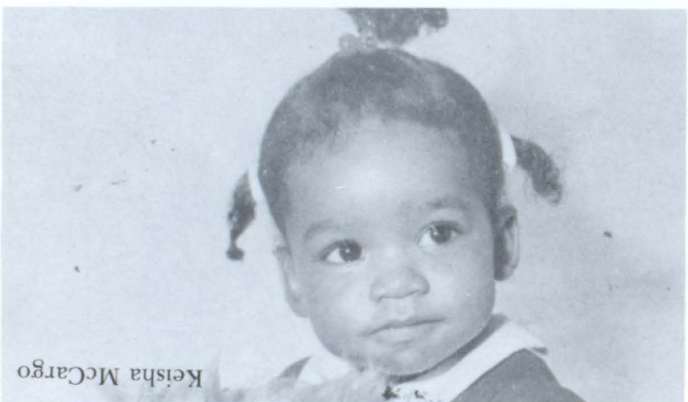

Is this my best side?

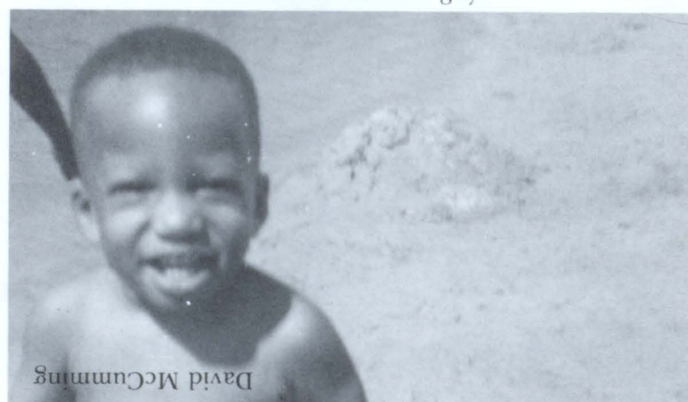

Hello world

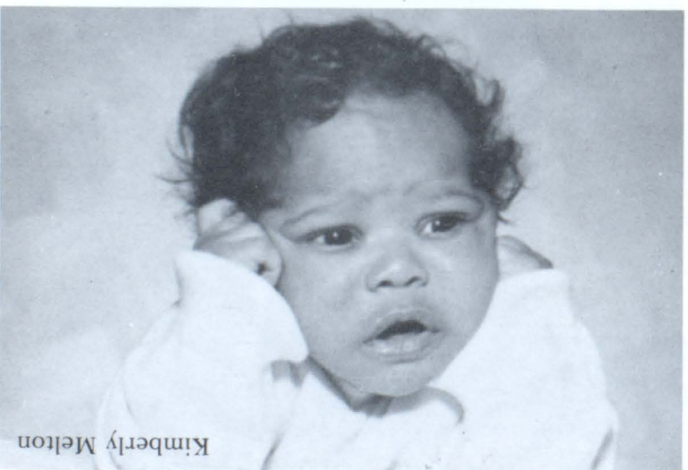

What a handsome guy

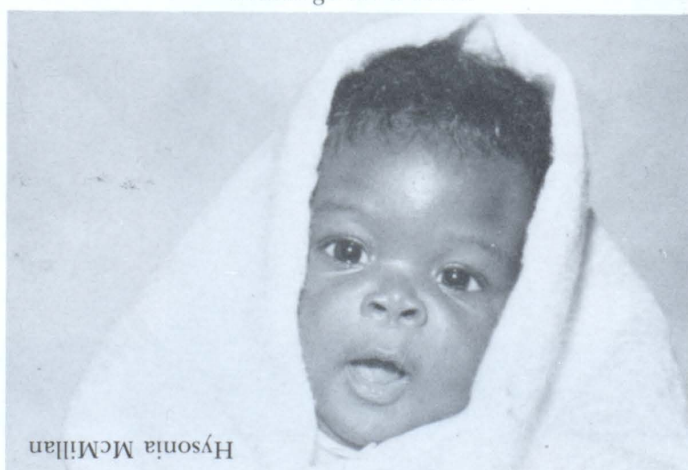

He won't bite you!

Wanna go for a swim?

I don't feel so good!

I'm not cold now!

... Today's grads

I wanna go home

I like this pose

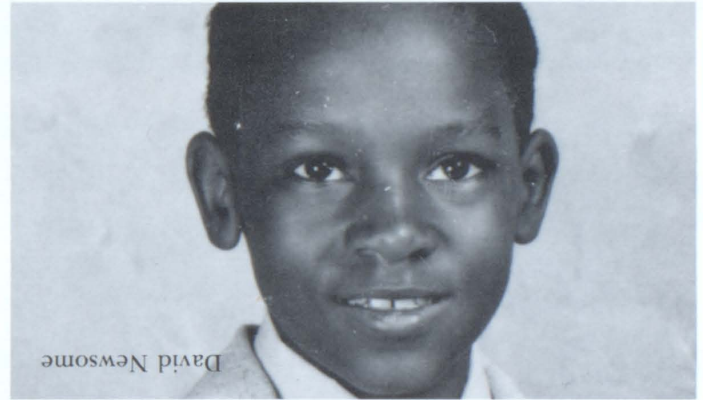

Whatcha looking at?

You like my outfit?

I was born to be president

Look at all these females

I'm a real princess

I'm glad I'm with these babes

Yesterday's babes . . .

Check out my bow tie

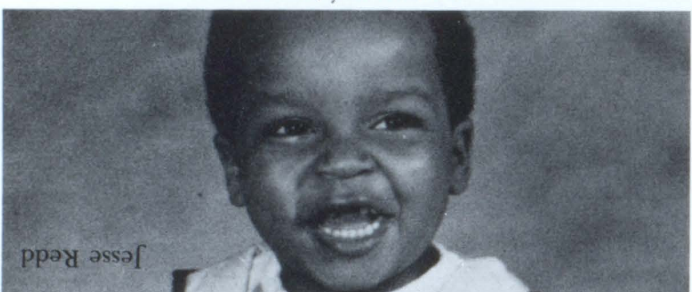

See my doll baby

I'm bad, you know it!

I wanna be in pictures

I want my teeth back!

I'm losing my hat

“After Glow”

I'd like the memory of me
to be a happy one.
I'd like to leave an
afterglow of smiles
When life is done.

I'd like to leave an echo
whispering softly down the
way,
of happy times and
laughing times, and
bright and sunny days.
I'd like the tears of those
who grieve, to dry before
that I leave when life is done.

What Is My Life Without You

What is my life without you?
Summer without sun
A child without a happy face.
Dear child, what have you done?
You've turned the pages of my
life,
As though it were a book.
My soul is now a barren field
From which my heart you took.
What is my life without you?
Nothing but shame, shame, shame.
What is each day without you?
Nothing but pain, pain, pain
What am I without you?
I might as well, be dead,
or casted into an infinite pit
With blood pouring from my head.
I am like the seed that may
never be a flower.
The child that may never
grow old.
A fairytale never shared or read.
A seam that never unfolds.
What is this life of mine without
you?
My god, it seems such a burden to bare.
Waking up on cold winter mornings,
And realizing that you are not there!
What is this life without you?
All alone my soul is forced to dwell.
It seems as though I have been born,
To venture into hell.
My God if you do not come back to me,
I'll cry, forever and ever.
And each portion of my heart will
crack.
And my days will not get better.
If I am condemned to go on without
you.
Deep into despair I shall fall,
It seems this life without you ...
Is in fact no life at all.

Scholar - Athlete

In September Of 1989 John McIver hopes to begin a successful football career at Boston University. The 5-11, 185 pound senior signed a letter of intent which assures him a full, four-year scholarship with Boston University.

McIver scored 1010 on his SAT's. Although Rutgers University, the University of Maryland, Delaware State and the University of West Virginia were all vying for the 17-year old's attention, he chose Boston U.

According to Coach - Leon Grove eight touchdowns and 862 yards rushing is only a physical yardstick of John's talent. CONGRATULATIONS JOHN! WE ARE RIGHT BEHIND YOU!

John McIver, a top scholar - athlete

Principal - Lawrence Major, John McIver, Coach - Leon Grove and Mrs. Velylia McIver (John's mother)

Seniors and the Soaps!!!!

AS THE WORLD TURNS, I just keep thinking about my broken withered heart . . . It all started years ago in my cottage home in SANTA BARBARA. She was all that I had hoped for; LOVING, caring for ALL MY CHILDREN as though they were her very own. Always being there for me even when agony seemed to force me into ANOTHER WORLD. One day however, she left me vowing never to return. Why, I don't know. Her excuse was she only had ONE LIFE TO LIVE. I understood exactly what she was going through, but her relatives the RYANS HOPE that we get back together soon. I doubt it! Well, I say so sorrily. These are THE DAYS OF OUR LIVES, we live with THE YOUNG AND THE RESTLESS and we are the BOLD AND THE BEAUTIFUL. Even though our relationship has been on the rocks, she left me a DYNASTY near FALCON CREST. Although I miss her, THE GUIDING LIGHT of our separation has set in; which means I no longer have to rush to GENERAL HOSPITAL with a broken heart. Due to the fact that her memory lives within me, everytime I see some of the things she's given me, I'll be moving to DALLAS next month to stay with my in-laws THE COLBYS' who reside on 410 KNOTS LANDING ROAD. With all that behind me, I hope I will be accepted with open arms which will comfort and morally support me and forever end my SEARCH FOR TOMORROW.
